

# PROFESSIONAL SERVICES WORKSHOP

## Developing Professional Learning Plans

### Get Better Outcomes Faster with Teachscape

Teachscape's workshops are designed to help schools and districts get the most out of Teachscape tools and achieve improved outcomes quickly. This workshop enables participants to use the Teachscape *Learn* professional learning system to create results-driven professional learning plans (PLPs) for sustained teacher learning and measurable, continuous improvement.

---

### Workshop Description

Using Teachscape *Learn*, this intensive one-day workshop (also available as a webinar) guides leaders and teachers through a step-by-step process to create, implement, and track PLPs.

Participants leave the workshop with a PLP that includes goals that link to the teacher's own learning needs and school and district improvement goals.

The Teachscape *Learn* professional learning system offers tools for creating PLPs; the PLP Workshop provides the training to create effective plans that promote measurable, continuous improvement in teaching and, as a result, student achievement.

---

### Learning Targets

- Understand the components of an effective PLP
- Use a step-by-step process to build a PLP based on real performance data and SMART (specific, measurable, attainable, relevant, and time-specific) goals.
- Select professional learning resources and strategies to attain goals
- Schedule and track reflection and progress monitoring activities
- Maintain evidence and artifacts for review

### Target Audience

- District leaders
- School leaders
- Teachers

### Workshop Outcomes

Participants will create a personalized PLP that includes:

- SMART goals based on multiple sources of data
- Learning opportunities directly aligned with goals
- Target dates for review and completion of goals
- Rubric to monitor progress of PLP

### Format

- **Option 1:** One-day face-to-face workshop for up to 25 participants
- **Option 2:** Three-hour webinar for up to 50 participants

Includes one planning day for a customized experience.

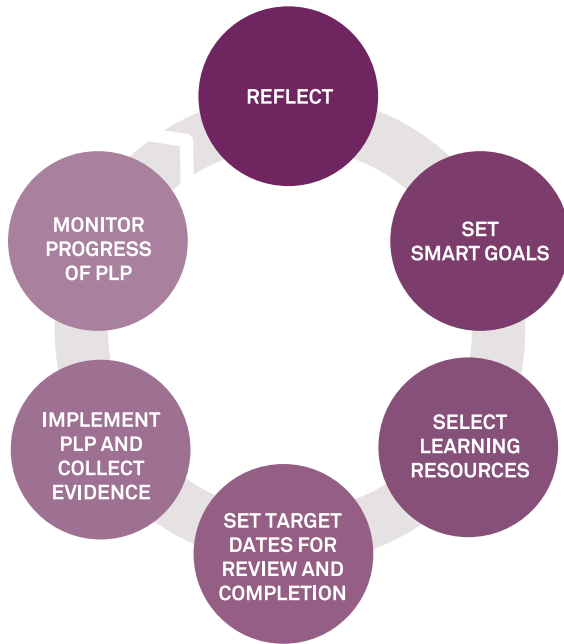

### Prerequisites

Teachscape *Learn* professional learning system

---

## Services Approach

In the PLP workshop, Teachscape's expert service provider guides participants through our six-step process for creating, implementing, and tracking the progress of PLPs.

### Process for Developing the Teachscape Professional Learning Plan

**Step 1:** Assess/reflect on teacher's professional learning needs and goals.

**Step 2:** Set SMART goals based on data, teacher goals, and school and district improvement goals.

**Step 3:** Select learning resources from Teachscape *Learn*, including content in the Professional Learning Suite, video libraries, and collaborative learning through online communities.

**Step 4:** Set target dates to review progress periodically and make necessary adjustments to PLP.

**Step 5:** Implement the PLP and collect evidence of learning and work completed.

**Step 6:** Monitor progress of the PLP and assess using the professional learning rubric at each scheduled review date.

---

## Additional Support Available

- On-site coaching days for principals and/or teachers
- Customized webinar sessions
- Other Teachscape workshops including Using Video for Reflective Practice and Learning-Focused Conversations

## Professional Services Providers

### Broad Experience. Deep Expertise.

- **School Improvement Consultants** are experienced educational leaders and turnaround specialists who have successfully turned around struggling schools while helping to ensure sustainability.
- **Content Coaches** are proven experts in their areas of academic focus, bringing a deep background of successful content coaching to their work with clients.
- **Data Specialists** are expert in analyzing and applying data to assess student learning and inform instructional practice.
- **Instructional Coaches** specialize in helping leaders identify, promote, and sustain effective instructional practices in every classroom.
- **Leadership Coaches** have all been successful principals, assistant principals, directors of curriculum, and assistant superintendents. Their experience informs their work, helping school and district leaders drive, support, and sustain improved teaching and student achievement.
